

## Lesson 10: Resource 1

# Student survey – Whole class activity

## COMPULSORY – Please report to AMGA

Ask the children the following questions and document the answers.

Complete online here: <https://www.surveymonkey.com/r/MushroomSurvey2>

Compare the results with lesson 1 survey – to show the students how their attitudes and knowledge has changed.

1. How many students are participating in this survey?
2. Tell me what you now know about mushrooms (new knowledge)
3. Tell me what you now wonder about mushrooms (inquiry and questioning)
4. If an apple is a fruit and broccoli is a vegetable. What is a mushroom?
  - How many answer fruit
  - How many answer vegetable
  - How many answer fungi (correct answer)
5. Have you ever TASTED a mushroom before?
  - How many say yes
  - How many say no
6. In your family, how often do you EAT mushrooms?
  - How many say every week
  - How many say only sometimes
  - How many say never
7. Are mushrooms yummy?
  - How many say yes
  - How many say no
  - If yes, what is their favourite mushroom dish?
  - If no, ask why.

**Please send survey responses to:**
