

Lesson 5:

Life cycle of a mushroom: Worksheet

Make a mushroom life cycle.

1. Here are the six stages of a mushroom life cycle.
2. Cut out each of the boxes with a pair of scissors.
3. Stick each stage into the correct square on the next page – showing a complete mushroom life cycle.

Primordia (Pin)

Hyphae meet and combine
(Birds and the bees)

Mushroom (Fruit)

Spores (seeds)

Mycelium is created

Grow into Hyphae

Lesson 5:

Life cycle of a mushroom: Worksheet

Can you make a complete the mushroom life cycle?
